**Tell us what you  
would like to change in  
your neighbourhood. We  
will help you to imple-  
ment it.**

**For my neighbour-  
hood, I would like  
to see...**

Berlin Entwickelt  
Neue Nachbarschaften

**Hindenburgdamm**

## About BENN

**BENN stands for Berlin Entwickelt Neue Nachbarschaften- or „Berlin Develops New Neighbourhoods“.** It is a programme of the city of Berlin for neighbourhoods with accommodation for refugees and is run together with the district offices. In Steglitz-Zehlendorf there is BENN Hindenburgdamm.

## Goals

**BENN aims to strengthen social cohesion in the neighbourhood.** It promotes the exchange between old and new neighbours and empowers refugees to help shape their neighbourhood. Additionally, BENN supports volunteer work.

## When & Where?

**BENN Hindenburgdamm has existed since January 2022** in the neighbourhood Hindenburgdamm, within and around the accommodation for refugees Bäkestraße.

## How?

**BENN is oriented towards the wishes and needs of the people living in the neighbourhood:**

Would you like to have a cooking evening or a sports group in the neighbourhood? Would you like to initiate a gardening project or learn something together in a workshop? You have other ideas and they are too expensive or there are too many bureaucratic barriers?

**We support you with our knowledge and, if necessary, financial resources, to implement your ideas and wishes!**

**You don't speak German that well?**  
*We can organize translation.*

You can contact us with questions, ideas and requests for activities. We look forward to hearing from you!
